A fine team of horses belonging to the county frightened at a freight train this morning opposite the Infirmary and ran off, one of the horses being so badly injured by a wire fence that it will have to be killed.

Mrs. R. B. Lovel left this morning for Millersburg, where she goes to enter Robert Lee Lovel, Jr., in the M. M. I. This is the young man's third year and he is said to be one of the brightest students in the Institute.

Mr. and Mrs. Frank Hargoyne and son of East Second street contemplate leaving in October for Los Angeles, Cal., to make that flower garden of the world their future home. Their many friends here regret their going away, but wish them good luck and prosperity.

CARD OF THANKS.

We wish to extend our heartfelt thanks to all our kind friends for their sympathy, help and interest during the illness and death of our loved one, Mrs. Pickett Wood. To Mrs. J. B. Noyes especially is due our sincerest thanks for her many manifestations of kindness and sympathy.

UNWELCOME VISITORS

Tuesday night the grocery and warehouse of Joseph H. Dodson & Son, corner of Second and Wall streets, was entered by some one who had no business there. Mr. Dodson is of the opinion that the thief hid about the place and was locked in at closing up time, or that an entrance was made with a duplicate key. The intruder was evidently frightened away by the police before he had time to make a haul. Officer Fizer notified Mr. Dodson about 2 o'clock in the morning and a search of the premises was made, but the bird had flown. Mr. Dodson does not know what was taken.

BUILDINGS AND GROUNDS REPRESENT \$1,000,000 OUTLAY

President Taft and Ex-President Roosevelt to Be Visitors. Wright Brothers' Aeroplanes, Brooks' and Weber's Bands and Other Special Features Scheduled

LOWEST RAILROAD RATES EVER GIVEN AN EXPOSITION

KNOXVILLE, TENN., September 12th.—The widely heralded Appalachian Exposition, the South's only big affair of this kind for 1910, opened in a blaze of glory here today and Knoxville has made good her promise to give the South the biggest and best Exposition of this kind which has been held or will be seen South of the Ohio river for years.

open, September 12th to October 12th. Knoxville hotel people have made unusual efforts to be ready to take care of the crowds and two large new hotels have been opened in this city during the past year. The Public

Comfort Committee has also arranged for accommodations in boarding-houses, etc., in the city to the extent of 20,000 visitors per day and has also taken steps to see that no increase has been made in any rates for accommodations; consequently visitors may not only expect comfort but fair treatment.

No expense has been spared in making the Exposition attractive from every standpoint. Special buildings are devoted to mineral and forestry, agriculture and horticulture, manufacturing and mercantile interests, combining the resources of the Appalachian region. The women are also represented in a building of their own.

Negroes also have a large and creditable building. The United States Government is represented with an elaborate exhibit valued at \$250,000.

The Midway is one of the most complete ever shown in the South, containing everything from a Wild West show down. The Wright brothers' aeroplanes will be on hand, also Strobel's Dirigible balloon. Brooks' and Weber's magnificent bands will provide music during the Exposition. President William H. Taft will visit the Exposition, the date to be announced later, and ex-President Roosevelt will be there on October 7th, which is Spanish War Veterans' Day.

The live stock, races and horse show features will be on the largest scale of any attempted in the South. \$25,000 has been expended in pyrotechnics, such as Paine's "Battle of the Clouds," "Fall of Pompeii," etc.

The following is a general program of the Exposition events:

Exposition, September 12th to October 12th. Famous bands, Brooks and Weber, during Exposition period.

Live stock and races September 12th to 17th. Horse show September 13th, 14th and 15th. Bench show September 22d, 23d and 24th. Pigeon and pet stock show September 27th to October 1st.

Poultry show October 5th to 12th.

Wright Brothers, airships, September 23d to 29th.

Strobel and Coleman every day, September 12th to October 12th.

Battle in the Clouds, September 19th to 24th.

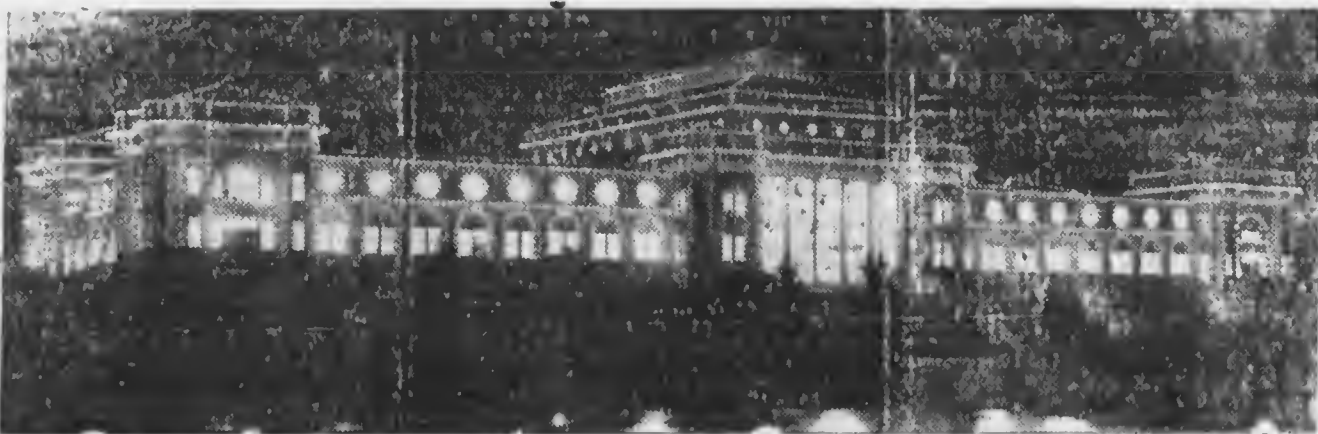

Fall of Pompeii, September 26th to October 1st.

Grand Pyrotechnic Displays, September 12th to October 12th.

The Appalachian Exposition will be of enormous advertising value to the entire Appalachian region, as it has been heavily advertised in the North and East, and will doubtless attract the attention of millions of dollars of Eastern capital in the resources of the entire Appalachian region, all of which will be represented at the Exposition.

LOW RATES TO EXPOSITION

Unusually low railroad rates have been authorized from this city to Knoxville and return, on account of the Appalachian Exposition. The coach excursion tickets, on sale Tuesday and Thursday of each week, is \$3.30 from this city and return. Upon other days the round-trip rate is \$7.80.

Should be examined by the optician who uses modern instruments and modern methods. The trial case and test card are worthless if the child cannot read. Would your physician give the child an assortment of drugs to taste and then prescribe the one the child liked best? Does the child know any more about optics than he knows about drugs?

Get your own glasses where you please; you have had your chance in life. Give the child a chance by taking him to the best optician you can find.

PUBLIC LEADER
MAYSVILLE, KY.

Mrs. M. W. Coulter has rented Dr. Samuel's handsome residence in West Third street.

Colonel R. R. Maltby of Washington returned last evening from a several months' visit at his old home in New York State. He is looking well and in the enjoyment of good health. Colonel Maltby is one of the oldest Federal officers now living in this part of Kentucky. He commanded the Tenth Kentucky Cavalry during the Civil War and since his visit in the East two of his Majors—Foley and Taylor—have answered the final roll-call and joined the silent majority camping on the other shore.

Police Court.

Nat Green was arraigned before Police Judge John L. Whitaker yesterday afternoon on a charge of exposing his person. In order to teach Nat some sense of decency he was given \$75 and cost, or, in other words, eighty days in Jail.

Henry Darnall, breach of the peace, \$17.50.

CAPTURED HERE

Early this morning Chief of Police Ort arrested George Piatt, aged 17, and a lad named Conway, aged 11, hailing from Manchester, O., charged with having stolen a skiff from that place. When searched a big pistol was found on Piatt, who confessed to the Chief that he had stolen the skiff and was headed for Cincinnati. Piatt was placed in Jail and young Conway given in charge of a relative here.

HANDICAPPED.

This is the Case With Many Maysville People.

Too many Maysville citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest, and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills cure sick kidneys and cure them permanently. Can you doubt Maysville evidence?

Mrs. Nathan A. Hafer, Maysville, Ky., says: "My opinion of Doan's Kidney Pills is so high that I have not the least hesitation in publicly recommending them. For ten years I was bothered by kidney complaint, during which time I tried various remedies without obtaining benefit. There was a constant, dull ache across my back, often accompanied by sharp rheumatic twinges throughout my body. I was also subject to nervous headaches and dizzy spells, and on arising in the morning I felt tired. My husband advised me to give Doan's Kidney Pills a trial, and I procured a box at J. Jas. Wood & Son's Drugstore. They cured me in a short time."

THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Were living in perfect comfort all over the house. The Underfeed coal burning way—fuel fed from below—all the fire on top—insures as much clean, even heat from cheapest slack as highest priced coal which ordinary heating plants require. This enables Underfeed users to

SAVE 1/2 TO 3/4 OF COAL BILLS

Mr. J. E. Crider, President of the Crider Creamery Company, Fredonia, Ky., relates his Underfeed experience thus: "We installed one of your No. 739 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use nut and slack coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."

Send for our FREE books about UNDERFEED Furnaces and Boilers and let us PROVE that it will pay you to discard old-fashioned heating methods and install the satisfactory dividend-paying Underfeed Heating plans and services of our Engineering Department all FREE. Write today.

PILES BRING DESPAIR

TAKE COURAGE! INTERNAL TREATMENT WILL CURE

Piles make life unhappy and ruin the best disposition. Most sufferers have been bitterly disappointed by many failures to find a cure. A medicine in tablet form, taken internally, that avoids the unpleasant features of ointments, suppositories and operations, and cures thoroughly by removing the inside cause, is surely worth trying, especially as J. James & Son guarantee it.

Do You Realize?

That despondency in women is a mental condition often traceable to some distinctly female ill!

Women who are well do not have the blues, neither are they irritable and restless. Derangement of the female organism breeds all kinds of miserable feelings such as backache, headache, and bearing-down feelings. Try Lydia E. Pinkham's Vegetable Compound. There is no doubt that it has made many remarkable cures of female ills after all other means had failed. There is hardly a day that some woman does not write us that this simple old medicine, made only of roots and herbs, has cured her of a severe illness.

Here are two such letters—read them—they are genuine and reliable.

Platea, Pa.—"When I wrote to you first I was troubled with backache and was so nervous that I would cry at the least noise. It would startle me so. I began to take Lydia E. Pinkham's remedies, and I don't have any more crying spells. I sleep sound and my catarrh is better, thanks to your advice. I will recommend your medicines to all sufferers."—Mrs. Mary Halstead, Platea, Pa., Box 98.

Walcott, N. Dakota—"I had inflammation which caused pains in my sides, and my back ached all the time. I was so blue that I felt like crying if any one even said 'How poorly you look to-day.' I wrote to you for advice and got it at once. I started to take Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills, and I began to feel better and looked better before I finished the fourth bottle of medicine."—Mrs. Amella Dahl, Walcott, N. Dakota.

Gas Light Talks—No. 3.

Public Good Will.

Being, as we told you yesterday, a public service corporation, one of our most important assets is the good-will of the people we serve. THIS WE MUST HAVE.

Without it, any efforts we may make for the betterment of local conditions, not only in the lighting field, but generally, are almost certain to be ineffective.

Now, how can a public utility corporation, like ourselves, secure and keep this good-will, which is practically all-important?

In one way only—and that way can be told in two words: It is by—

FAIR TREATMENT.

And by fair treatment is meant not only fair and equitable rates, but efficient and sufficient service as well.

Given similar conditions and equal population, there is no city in this—or any other—part of the country where the gas and electric lighting and power service is superior to that of Maysville.

We make this statement with considerable self-satisfaction, because we know it is true and susceptible of proof. Moreover it means the attainment of an object toward which we have, for years, been bending our efforts.

It is also a positive and provable fact that not only has Maysville no superiors, among cities of her class, in point of service in our field, but there are comparatively few even larger cities where even equal service is given.

This is a matter, we think, in which the entire city should join with us in our feeling of satisfaction. A good and up-to-date lighting service is one of the best advertisements a city can have.

Aside from service, there is the matter of rates. This is a big question and one to which justice cannot be done in one of these Talks. We shall, therefore, take it up subsequently and discuss it fully.

Statistics show that the rates which you are at present paying for gas and electricity are fair and reasonable.

We shall be able to prove this assertion to the satisfaction of any reasonable-minded citizen.
